PASTORAL TRAINING COURSE

WHAT DO PAST STUDENTS SAY?

The Pastoral Training Course began in 2000, and, over 50 people per year since have successfully completed it.

Often the 'star students' are not the academic ones, but those with a pastoral heart and gifting.

Here's what some of them have said —

- We have absolutely loved the course. It has been extremely beneficial in developing our pastoral and leadership roles.
- I feel more equipped to deal with issues.
- The programme is excellent, the notes are great and the homeworks are really practical.
- Good to be exposed to a variety of very topical issues.
- Splendid! An adventure in growing in ministry
- A wonderful, relaxed atmosphere for learning.
- I have enjoyed contrast in styles of speakers – very relevant and helpful teaching.
- I have really enjoyed PTC – even though I doubted my ability to cope at the beginning.
- Great to learn that theology is not separate from everyday life, but is key to everything.
