Volunteering Information

Can you help us by volunteering?

We have various roles you could share in.

We need people to help for a minimum of two hours this can be split into 30 minute sessions.

We are looking for people to be in the Kitchen - preparing and serving drinks.

The administration - signing people in and out, sharing information including the rules.
Could you meet and greet people as they arrive.

Help with the arts and crafts.

Could you set up or pack away, buy new stock, help the children with cutting, gluing and colouring or maybe bringing some new ideas?

Could you teach a new activity?

Like take a cooking session, or ice cakes, maybe teach a children to knit for example!

Could you help in the Soft Play structure?

By checking the children in and out, and that they are playing safely?

Could you share a skill you learnt at work?

Or share some other skills you have?

Why it's important to become a Volunteer?

- To maintain and develop your existing skills.
- To Access FREE training.
- Your voluntary experiences can be added to your C.V.
- It can be a step towards employment, providing you with experience, skills and proof of commitment.
- Volunteering could be an opportunity to put your skills and experience to valuable use without disrupting your benefits.
- It can develop your confidence and self esteem.
- It could be an opportunity for you to support another person in developing their skills and confidence.

Research shows volunteering is good for your general well being and can give you that *"feel good factor"*. It can combat depression or reduce stress by providing you with a focus and a sense of achievement.
